Small Groups

“And all who believed were together and had all things in common.” Act. 2:44

Need Help Finding a Group...?

Let us help you by answering some commonly asked questions.

What is a Small Group?

Simply defined, a small group is a cluster of 6-14 people who meet every other week to encourage and care for one another.

What Should I Expect When I Visit a Small Group?

You can expect to meet a hospitable group of people who will welcome you into times of prayer, Bible study, conversation, and fun.

Which Group is Right for Me?

It is true that every group will gladly welcome you; but there are typically three factors that will help you identify which one is best for you. The first factor that we encourage you to consider is location. The second factor to consider is the particular evening that is best for you. Finally, you may consider visiting the group of those you have made a connection with via other

church or community settings.

Will My Small Group Ever Change?

Yes! Every group changes as it grows. When a group grows to a certain size it will multiply into two groups. This is a healthy and exciting reality of strong small groups. Also, there are certain circumstances that may lead a person to change groups.

So Where Should I Turn for Additional Information?

Well, you can start by turning the page to review the listing of groups. You may call or e-mail any small group leader as they would be glad to speak with you. Also, you may call any of the elders for information.
